LAMINATE FLOOR CLEANER

EASY APPLICATION FLOOR CLEANER

 Easy Application

 Low-foaming

 Water Soluble

Description:

ProJanta Laminate Floor Cleaner Maintainer 5L is a specialist cleaner maintainers formulated to clean, freshen and enhance laminate flooring while leaving a pleasant fragrance after use. Designed for quick and easy application, it features a controlled foam level that makes it well suited to daily or regular cleaning routines. The formula helps maintain the appearance and cleanliness of laminate surfaces without unnecessary residue, making it a practical choice for ongoing floor care. Suitable for all forms of laminate flooring as well as other water-washable surfaces, it is supplied as a viscous turquoise-blue liquid with 100% solubility. Used pre-diluted at 1:50 and applied sparingly, it offers effective routine maintenance in a convenient 5-litre pack. Always wear gloves and eye protection during use.

Useful Information:

Product Code:	250519
Product Colour:	Blue
Product Fragrance:	Pleasant
pH Level:	10.5

Directions:

ProJanta Laminate Floor Cleaner Maintainer should be pre-diluted at a ratio of 1:50 with clean warm water before use, either in a bucket or trigger spray, depending on the application method required. Apply the diluted solution sparingly to the affected flooring or surface to clean, freshen and enhance the appearance of laminate floors and other water-washable hard surfaces. The controlled foam formulation allows for quick and easy application, making it suitable for daily or regular maintenance cleaning in both commercial and domestic environments.

When handling and using the product, suitable protective gloves and eye protection should be worn. After use, keep the container tightly closed and store in a cool, well-ventilated area.
