

FREE Wet Wipes | REUSABLE Canister | 100 White Wipes | CP200

The QAC based Anti-Bac and Anti-Viral active solution contained within the wipe ensures a kill rate of 99.99% making this one of the most effective sanitising wipes on the market. With a contact time of only 5 minutes against EN14476 standard, means users do not have long to wait before effective sanitisation is achieved. And yes, it has been tested and passes EN14476 standards confirming this wipe is effective again Coronavirus.

This popular wet wipe is manufactured from sustainably sourced materials and formulated to meet the high demands of the facilities sector. The facilities wipe comes in a specially designed, 100% recyclable slim dispenser tub with a "pop-up" spout for easy dispensing and complete tub reseal to prevent any drying out of the wipe after use. Simply pop the top open and they are ready to use!
