

Air Freshener & Odour Neutraliser

SC8

Maximum Eco Super Concentrates are designed to be accurately dispensed into refillable trigger bottles made from recycled polymer or into a bucket.

SC8 diluted will produce up to x133 750ml ready-to-use bottles.

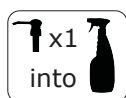

Available in: 2 x 2ltr
Order Code: 2364/12

PRODUCT DESCRIPTION

- An effective odour neutraliser and deodoriser
- Formulated to eliminate unpleasant odours at source
- Incorporates a fresh, lemon fragrance

DIRECTIONS FOR USE

Fill trigger bottle (750ml) with water, add 1 pump (15ml) of SC8.

Turn the nozzle to the "ON" position.
Direct the nozzle into the area to be treated and spray. Spray away from face and avoid over wetting surfaces. Do not spray near food.
Turn the nozzle to the "OFF" position, store the bottle upright in a safe place.

The Maximum Eco Super Concentrate Range provides the highest level of cleaning performance with a minimal impact on the environment.

Provides optimum performance

Reduced carbon footprint in production and in transit

Multi-sector usage

Low cost in use

- Works rapidly to eliminate unpleasant odours not just mask.
- Effective for use on most surfaces and is suitable for use against urine, tobacco smoke, food smells, pet odours, vomit etc.
- Contains a fresh lemon fragrance.
- Ideal for use in care homes, hospitals and schools.
- Contains unique probiotics which work by using eco friendly bacteria that create enzymes and helps break down organic matters and digests the source of malodours.

*** Always test a small area first to ensure no damage may occur.**

Remove gross contamination before treatment, thoroughly wet the area with product and allow to dry onto fabric, wiping other surfaces dry.

Blot fresh urine spills with paper or towel, thoroughly wet the area with SC8 solution, remove excess liquid and allow to dry.

Treat old spills first with a hot water extraction machine, then wet the area with SC8 solution, allow a short period to react and extract the residue.

PHYSICAL & CHEMICAL PROPERTIES

Physical state: Liquid
 Colour: Light Yellow
 Odour: Lemon
 pH: 4 - 7
 Flash point: > 65 °C
 Density: 0.99 – 1

SAFE HANDLING

Ensure the correct PPE is worn at all times when handling, dispensing or using chemicals. All PPE should comply with appropriate standards and be readily available for use.

In case of an accident please refer to the product Safety Data Sheet (SDS) for immediate first aid measures and helpline telephone number for a medical emergency.
